DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 7/7/2009 has been entered.

Reasons for allowance

The following is an examiner's statement of reasons for allowance: None of the prior art discloses or renders as obvious "first and second pressurized fluid sources supply the user circuit sequentially" in combination with the rest of the limitations of the independent claims. Each of the Hager et al. references 2004/0211476, EP 1374972, EP1157718 all disclose 1 fluid source/inlet, even for arguments sake should the ports on either side of the exhaust be considered as pressurized fluid sources, these ports supply an exhaust or vent circuit and not a user circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Craig Price whose telephone number is (571)272-2712. The examiner can normally be reached on 7AM - 5:30PM Mon-Thurs, Increased flex time.
